KC SHORTHORNS

ROYAL FEMALE SALE

FRIDAY

OCTOBER 23, 1970

AMERICAN ROYAL BUILDING

**KANSAS CITY
MISSOURI**

Here are just a few of the magnificent brood cows that make up the respected KC cow herd. Many of them sell on October 23.

Remember the cover of the 1967 Year-End Review Number of The Shorthorn World? That's Les Mathers presenting the Leveldale Trophy to Mr. and Mrs. Dave Lorenz and Gordon Philip of KC for exhibiting the best pair of the International Livestock Exposition. Both Lorenz and Philip families welcome you to the 1970 KC Royal Female Sale.

WELCOME TO KC

Dear Friends:

Come see the surprises at KC!

In the past 2 years we have quietly proceeded to change the type of our Shorthorns to the most modern in the breed! First, we selected the right kind of calves . . . and then bought their sire . . . George the Genetic Giant x.

Then, we brought George to KC. We mated him with the horned and polled Shorthorn females that carry the best breeding there is!

Here at KC you will see the eXotic kind of Shorthorns that **all** breeds are striving to produce. The job is done here, and, if you value your investment in Shorthorns, you should come see the new eXotic Shorthorns and Polled Shorthorns at KC.

You are always welcome here, and we look forward to entertaining you in our home at the farm . . . after the Royal Show and before the Royal KC Sale in the stockyards, just north of the American Royal.

Sincerely,

Dave & Pat

This is Mr. and Mrs. Dave Lorenz' home at KC. It has been the scene of many gala Shorthorn and Polled Shorthorn events and will be the location for buffet dinner the night before the KS sale.

GENERAL SALE INFORMATION

TIME AND PLACE — Friday, October 23, 1970. American Royal Sale Pavilion located in the stockyards, Kansas City, Mo. Sale starts at 12:30 p.m.

TRANSPORTATION — Kansas City is easily reached by any mode of transportation. For complete details see page 6.

HOTEL ACCOMMODATIONS — Holiday Inn, 1301 Wyandotte St., Kansas City, Mo. Tel: (816) 221-8800. Because hotel space will be at a premium, we urge you to use the enclosed reservation card TODAY.

DINNER — Plan to be the guest of KC Farms on October 22 at a buffet dinner to be held at 6 p.m. in the home of Mr. and Mrs. Dave Lorenz on the farm. See map on page 6.

AUCTIONEER — Merrill Anderson, Broadlands, Illinois.

LUNCH — Will be available on sale day in the Frontier Room, second floor of the Golden Ox Restaurant adjacent to the sale ring.

GUARANTEE — All cattle will be sold under the standard guarantee endorsed by the American Shorthorn Ass'n.

HEALTH — All cattle will be sold under the laws of Missouri. Official calfhood vaccination of females is practiced and the herd is accredited on No. 112 and certified No. 207. All females in calf for six weeks or more will be pregnancy checked. The most careful herd health standards are maintained and the cattle in the sale are eligible to travel to any herd in the world.

TERMS — The terms of this sale are cash. Checks should be handed to the clerks immediately following the auction. Please be sure to have the clerks record your shipping instructions and transfer information.

LIABILITY — KC Shorthorn Farms, its owners or employees accept no liability for accidents that may occur. Mishaps at cattle sales are very rare, but all attending must do so at their own risk. The sale manager, auctioneers, ringmen and clerks were employed by the owners for specific promotional and clerical tasks, and have no connection with the handling of the cattle, the condition of the premises, fulfillment of guarantees or status of health papers. The sale of each animal constitutes a contract between the buyer and seller of each lot, but the sale manager cannot be responsible for the fulfillment of that contract. Where footnotes appear in the catalog, they were written by the owners or employees of KC Farms or from information provided by them.

FURTHER INFORMATION — The farm manager or sale manager will be happy to give you his critical appraisal of any of the cattle selling. A supplemental sheet will be provided on sale day showing breeding dates and any other necessary information. All announcements from the auction block supersede any other information, written or oral.

DELIVERY OFFER — At its convenience after the sale, KC guarantees to deliver all purchases to any point within the U.S. or to the Canadian border at a cost to the buyer not to exceed \$50 a head. All stock is at the buyer's risk as soon as bid off and we strongly recommend that you insure your purchases with the clerks.

MAIL BIDS — We hope it will be possible for you to attend the sale. If not, mail or telephone bids may be directed to any of the following:

C. D. Swaffar, executive secretary, American Shorthorn Ass'n, 8288 Hascall St., Omaha, Neb. Tel: (402) 393-7200.

Harris Simons, The Shorthorn World, 16 So. Locust St., Aurora, Ill. Tel: (312) 896-8511.

Ted Aegerter, assistant secretary, American Shorthorn Ass'n, 8288 Hascall St., Omaha, Neb. Tel: (402) 393-7200.

Bruce Brooks, American Shorthorn Ass'n, 723 Highpoint Drive, Stillwater, Okla. 74074.

Bud Sloan, The Drovers Journal, 1505 Genesee St., Kansas City, Missouri.

Larry North, The Shorthorn World, 710 Commercial St., Atchison, Kansas. Tel: (913) 367-2862.

C. K. Tomson, Harding & Harding Livestock Insurance, Geneva, Ill. Tel: (312) 232-2100.

Al Hamann, Rock Rapids, Iowa. Tel: (712) 472-8676.

R. G. "Bob" Heine, 2729 Simms St., Lakewood, Colo. Tel: (303) 238-6045.

Any of these reliable men can be reached at the sale headquarters within 24 hours of the sale.

INSURANCE — Will be available.

FARM FORCE — Gordon Philip, manager; Allan Neisch, James Alley, herdsman.

TELEPHONES — Gordon Philip (816) 891-1007. Dave Lorenz (816) JU7-1003 or JU7-1004. Dave Lorenz office (816) JE1-6836 or JE1-4803. Telephone at the sale ring (816) BA1-2034.

HARRIS SIMONS, Sale Manager
16 S. Locust St., Aurora, Illinois 60506 Tel: (312) 896-8511

This is how "Tiny Tim x" (Butte Lee Leader 63rd x) looked on pasture at KC. A large number of his calves sell and many cows carry his valuable service.

BE A PART OF THE KC PROGRESS

The entire breed is conscious of the recent and sharp trend to greater size in all breeds of cattle. Far from resisting the change, KC was among the first to recognize it and, more important, to do something about it. Accordingly, they're somewhat ahead of the game today.

The magnificent KC foundation females' ability to produce great ones is amply proved. But, today they're producing a different kind — bigger, longer and trimmer than ever before.

Your opportunities in the October 23 sale are considerable. Because a substantial portion of the KC land is being sold for subdivision, the herd must be reduced. The entire 1969 heifer

crop sells including the first daughters of "George the Giant x" born at KC. A number of great brood cows sell. They've produced stock bulls for leading herds and champion show cattle at every major show in the country. Moreover, they're in calf or sell with calves at foot by the big, new KC polled stock bulls.

The KC record will fill volumes and this catalog does attempt to do more than summarize it briefly. The accent is on the future and KC promises to play a big part in it.

HARRIS SIMONS
The Shorthorn World

This is the new American Royal Sale Pavilion located in the Kansas City, Mo., stockyards. The Golden Ox Restaurant is located nearby and arrangements have been made for all the KC Sale visitors to have lunch there after 11 a.m. sale day in the Frontier Room. The buffet is \$1.75 per person.

TRANSPORTATION and ACCOMMODATIONS

KC Shorthorn Farms are easily reached by any mode of transportation. As you can see on the adjoining map, Kansas City is served by Interstate Highways 35, 29, and 70. The farm itself is located on Highway W, 1 mile north of US 71 (I-29) and W, the Kansas City-St. Joseph Road.

The Kansas City Municipal Airport is nearby. Upon arrival at air or train terminals, visitors may take Holiday Inn courtesy cars to the sale headquarters. If you miss connections, call the farm and a KC representative will meet you. The farm phone number is (816) JU7-1007.

AIR LINES SERVING KANSAS CITY

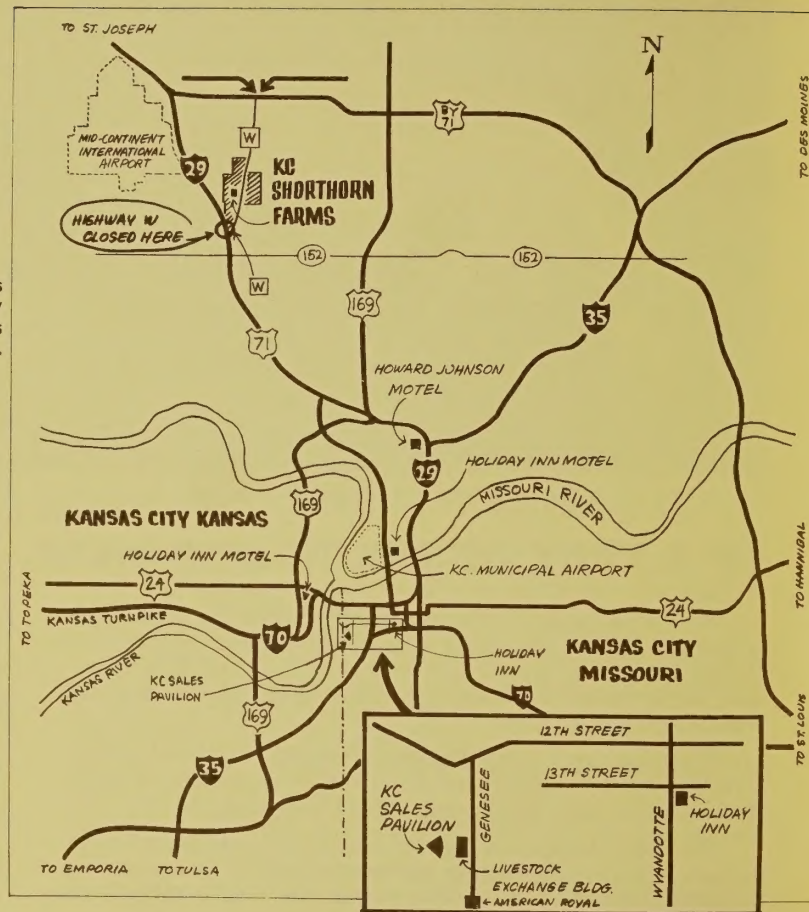

TWA, Braniff, Continental, United, Delta, Ozark, Frontier and Central.

TRAINS SERVING KANSAS CITY

Santa Fe, Union Pacific, Wabash (Norfolk & Western), Burlington, Rock Island, KC Southern, Missouri Pacific and Frisco.

Pullman service is available on all but the Frisco.

Overnight Pullman accommodations are available from Dallas-Fort Worth, Denver, Chicago, St. Louis, Minneapolis, Des Moines, Dalhart and Albuquerque.

The Big Shorthorns And Polled Shorthorns Are at KC

Since I joined KC Farms 11 years ago, we have kept a step ahead of the future requirements of the breed. Dave and Pat Lorenz had acquired a sizeable number of expensive cows in previous years . . . some good, some fat, some bad.

I well remember our disappointment when I had to ship out a lot of fat cows that had cost a lot more money than the "working" cows. But this is an expensive lesson that every breeder has to learn. Since it hit us in the pocketbook, we remember it well.

I remember a conversation with Dave and Pat Lorenz, later, in which they said, "When we get in a position to show and sell our cattle, let's not make the same mistake. Let's develop them on a thrifty, growing ration. If the breeders don't like them that way, we can count on a good range bull market for this type. We need to breed a type of Shorthorn that can go out and do a job for the rancher . . . and a type that will do well on roughage without spoon feeding."

Clipper King of Bapton x weighed 2,670 pounds in his prime and was the primogenitor of a great line of big Polled Shorthorns for KC and for the breed.

This was the program, and it suited me fine. I had been raising show cattle on turnips and hay since I was a kid in Scotland. The change to alfalfa and oats was easy for me.

Though we did not show the first year or two, I can remember well looking at the Shorthorns at Chicago. The winning heifers just sort of swung one leg forward, then the other, with no action to them. They reminded me more of portable corn cribs. I came home from Chicago that year, more determined than ever that we would keep a practical outlook on our cattle whether we were showing or selling them. Fat surely is the most expensive and useless thing to put on an animal . . . and it has to be the first thing to come off of a working cow.

We had to find a bull that would sire big, long, clean-fleshed cattle that could move well. Among all those over-fed animals in Chicago that year, there were some that could still move around enough to graze if they had to. Most were from Canada where corn was just being introduced, and one string, Louada Manor Farms, stood out. They were sired by Bapton Constructor

Left — Queen Margaret 8th of KC was 1968 International grand champion female. She had previously sold to Darlow Mencke, Blair, Neb.

Right — Clipper Beauty of KC x is typical of the daughters of the massive Clipper King of Bapton x in the KC herd. She sells as a special attraction as Lot 21.

... a big, rugged bull that could sire bulls that would do a job in any breed, commercial or purebred. His females were clean-shouldered cows with good bone and udders.

Never settling for anything but the best, KC acquired an interest in Bapton Constructor from Louada, and a bold start was made by KC to establish **Size** and **Soundness** in the future cattle we would raise and sell. Since then, we have continually run from 20 to 30 Bapton Constructor cows in the herd. They have been a most valuable asset in attaining the high position the KC herd enjoys.

Since we didn't have the bull on the farm, it was felt that to further the influence of Bapton Constructor we should have his best breeding son here on the farm. A large number of his sons were in service and we had plenty to choose from. After looking and weighing several that were breeding best, we selected Louada Nugget. I remember he weighed 1,875 pounds running with a herd of cows and at the time was considered plenty big. He was a very impressive and prepotent sire. His progeny had carriage and action to them with lots of quality. They were extremely popular in the show ring, but we did not continue the line too long, as a number of his progeny were too short on the leg. The females we kept by Nugget have bred well, one producing

the 1968 International grand champion female and topped our last sale at \$3,550 to Carl Jernberg, Jr. Atlanta, Ga. An arrangement was made with Arrowhead Farms of Indiana, to use semen from Nugget. Through this arrangement a new era was opened up in the Polled Shorthorn breed. Both Arrowhead and Sutherland have developed a line of cattle rich in the blood of Louada Nugget that is very popular today.

Our practice at KC has already been, after acquiring a herd bull, to immediately start looking for a successor. In 1962, Dave attended the Perth sales. Before seeing the cattle, he met Wilbur Donaldson and Gordon Blackstock of Louada and Bapton. They told Dave that there was a bull there that was better than anything they had seen come through Perth in 15 years. Later the bull was supreme champion, and was purchased by Bapton and Louada. An option was taken by KC at that time, as he was to come to North America after heavy use in the Bapton herd. The rest is history.

Glamis Benefactor continued to win in Britain ... seven times supreme champion in Britain ... prior to export to Canada. A son was exported from Scotland to Argentina and sold for a record price that year. Another son in the Argentine sired the supreme champion at the great Palermo Show. In Canada, Benefactor

was used on a number of cows at Louada, and sired the AAA Louada Request, now in the Ashbourne herd in Kentucky.

At KC, Glamis Benefactor drew great admiration. A one-third interest sold to Royalty Farms in Kentucky for \$20,000, setting a new record for the breed. His long list of champions is too numerous to mention. He has sired more All-Americans than any other bull in history. He sired more winning gets-of-sire than any bull in history. His service was a feature of the record 1967 KC Sale, the highest average in the U.S. since 1963. Mature Benefactor cows average more than 1,200 pounds in working condition in the KC herd.

In the meantime, it was decided to try some Polled breeding while the Benefactors were dominating the Shows. We had acquired the massive Clipper King of Bapton x. With this bull we felt that we could project a then far-sighted need for still larger Shorthorns. I had seen Clipper King and his dam . . . a 1,600 pound daughter of Calrossie Constellation. His sire, a massive roan bull from the great Thieman herd, was also impressive.

At that time, in Scotland, the farmers were all up in arms about the recent importation of Charolais which the British government had brought into England on experiment. The Scotch farmers requested permission to send representations from their breeds to test against the Charolais.

The result was a great win for Shorthorns. Clipper King of Bapton x not only out-grew and out-gained the Charolais, but the result was responsible for holding up additional Charolais importations into Britain for two years. Clipper King was officially weighed at Northwood Farms at 2,670 lbs. However, the bull stood for some time in the Curtiss Bull Stud at Cary, Ill., and at one time weighed 2,810 on their records!

Clipper King died not long after arriving at KC, from lightning. But his influence is strong through daughters and a grandson. Of his first crop of calves here, we had 4 bulls that were polled. The first one sold to Phyllis Tangenan, California, for \$2,500; the next to George Weems, Rockdale, Texas at \$3,500. The third son was used some in the KC herd. He was the first polled bull ever to be grand champion at Fort Worth, and sold for a record price to Acadia Farms, Northfield, Ohio, for \$15,000 for one-half interest. The fourth bull topped our last KC Sale at \$5,000, and is now in service in the new Packard Herd, Elbert, Colo.

Perhaps the greatest influence this great polled bull left was in his daughters which have done a great job for us. Merry Event of KC x, 1968 American Royal grand champion bull, continued the line in the KC herd and is siring excellent

left, the All-American Eliza Jane of KC, Lot 30, and Queen Margaret 18th of KC, Lot 29.

polled cattle prior to being sold to Carl Jernberg, Jr. His dam is probably the best daughter of Clipper King in North America.

Perhaps the toughest job we ever had was finding a horned bull to mate to the daughters of Glamis Benefactor. We looked at a great number of bulls all over North America. And again, we selected a progeny proved sire. Kelburn Great Event was a bull that could sire cattle with growth potential, muscle and scale. His females have been a great asset to the herd and they are in the very popular Remital herd.

His first crop of calves at KC was shown in 1968. He sired both American Royal grand champions . . . bull and female. A month later, another daughter was grand champion female at the International. Sons of this great breeding bull are in many of the leading herds in the U.S. His progeny won five consecutive grand championships at the Canadian International Bull Sale. His influence in the KC herd, and on the breed, will definitely place Kelburn Great Event among the great breeding sires of recent times.

The best ten head at the 1969 Ft. Worth Stock Show were these exhibited by KC Shorthorns.

As time moved on, and show judges began to select cattle with less fat about them, more leg, length and scale began to be sought after in the ring. This is one of the reasons we have been so successful over the past four years in the show ring. Our cattle were never as fat, though they carried heavy hair coats. We worked hard to get that hair, for it never affects the breeding ability of an animal. Size was being sought after by most people you would talk to. It was nothing new to us at KC. We had consistently been using the biggest bulls in the breed since Bapton Constructor. Years back, we continually published the exact weight of our herd bulls in a column in *The Shorthorn World*. We are going to continue to use bulls with the prepotent capability to transmit size to their progeny.

This is what brought us to "George the Genetic Giant x". We had looked at a great number of horned bulls; I went to Scotland to look at the progeny of some big sons of Clipper King. We contacted Jack Douthwaite of New Zealand and asked him to suggest some really big bulls we might consider. In our opinion, the New Zealand bulls we were offered didn't suit.

I decided we should go to western Canada and look

at the big bulls in that area. On visiting Kinnaber Farms, I found the bull we were looking for, "George the Genetic Giant x". Here was the bull that was transmitting size on to his progeny. As an added bonus, he is a 100% de-horner. He is trim, long, and correct on his feet and legs. Here was a bull that was geared for the 1970's.

His first daughter shown in the U.S. was grand champion at the American Royal for KC. His first daughter to sell in the U.S. set a record for the year at \$3,500. His first son shown in the U.S. was grand champion at the 1970 Ohio State Fair for Acadia Farms.

Calves by "George the Genetic Giant x" here at KC are the soundest and growthiest cattle we have ever produced. We are confident that George will leave a greater mark on the breed than any of our previous herd sires.

The 1970 KC Sale will be a rare opportunity to capitalize on the progeny of "George the Genetic Giant x", as the entire sale offering sells bred cows with calves at side, or with breeding privileges to George.

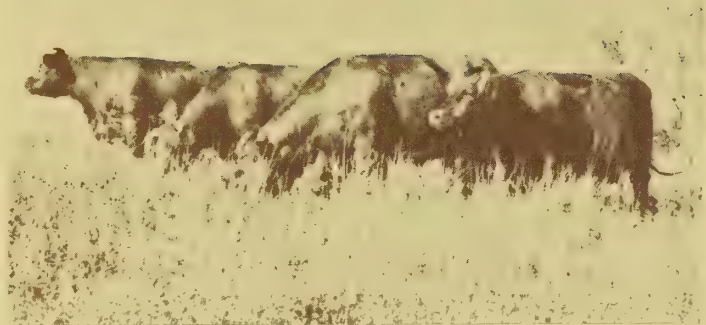

Additional bulls have been recently added at KC, and are currently under our performance testing programme. Tiny Tim x (Butte Lee Leader 63rd), a very large son of Leader 21st x has

calves arriving now. Kinnaber Leader 22nd x, the double record breaker from Stanford Testing Station, Montana, has been used through the kind cooperation of Carl Jernberg, Jr.

The foregoing is the basis of a continuing . . . and progressive . . . and most successful breeding programme at KC Farms. As most people know that have visited the farm in the last 2 years, we do have an extensive cross breeding program under way. Though no Shorthorn bulls have been used, Shorthorn grade females were used, and on preliminary results, have out-produced Hereford and Angus cows to date.

Not one of our purebred cows has been bred to anything but our Shorthorn bulls. They have been good to us and we plan on keeping it that way.

GORDON PHILIP
Manager, KC Farms

Some of the big BC brood cows selling from left, Sweet Lavender 3rd of KC, Lot 22, Secret Ruby of KC, Lot 24, Broadhooks Pride O 2nd of KC, Lot 28 and Wilma Wimple of KC, Lot 23.

DELIVERY OFFER

At its convenience following the sale, KC Shorthorns will guarantee delivery of all purchases to any point in the United States at a cost to the buyer not to exceed \$50 a head. All stock is at the buyer's risk as soon as bid off and KC cannot be responsible for accidents that occur at the farm or in transit. We strongly recommend that you insure your purchases for full value at the time of the sale.

What Herd in North America

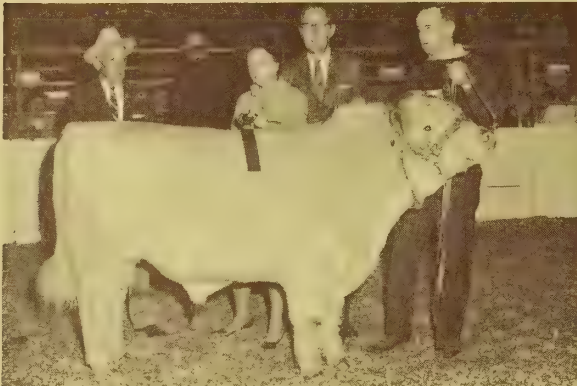

Few herds in history have compiled the amazing record of KC at the leading shows of the nation. Included are eight International champion females in five years.

In 1967 both International grand champion females were exhibited by KC. In 1968 another KC female was grand champion and the 1968 International Polled Shorthorn female was exhibited jointly by KC and by Kinnaber Stock Farms, Souris, Man.

The 1969 International senior champion Polled Shorthorn female was exhibited by KC. And those are just a few.

Green Bluff Lady x by "George the Giant x" was among his first daughters to be shown and was grand champion of the American Royal, senior champion at the International and an All-American.

Left — Merry Event of KC x by Kelburn Great Event is the first Polled Shorthorn bull ever to be grand champion at the American Royal. His first daughters sell October 23.

Right — Secret Pearl of KC was grand champion of the 1967 International Livestock Exposition. She was just one of eight KC International champion females in five years.

Can Match the KC Show Record?

KC championships also include bulls and females at the American Royal, Denver, Ft. Worth and the Missouri State Fair. KC Clipper Duke x is the first Polled Shorthorn bull ever to be grand champion at Ft. Worth, and Merry Event of KC x is the first Polled Shorthorn bull ever to be grand champion of the American Royal. KC exhibited the best 10 head at Denver in both 1967 and 1968 and Ft. Worth in 1969.

On October 23 you can buy many of these show winners. In addition, the sale is filled with their dams and sisters. Here's your opportunity to tie to the unequalled KC success.

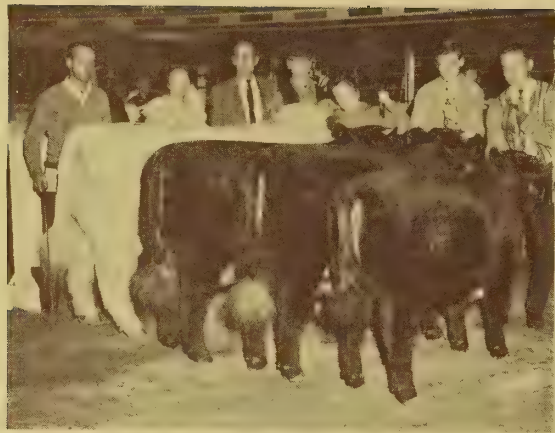

Left — Grand champion bull of the recent Ohio State Fair was this son of "George the Giant x" shown by Acadia Farms, Northfield, Ohio.

Right — KC Clipper Duke x was the first Polled Shorthorn bull ever to be grand champion of the big Southwestern Fat Stock Show and Exposition at Ft. Worth. He's in service at KC and at Acadia Farms, Northfield, Ohio, who paid \$15,000 for one-half interest.

Winning his class at the 1969 National Shorthorn Show, Lincoln, Neb., is "Tiny Tim x" (Butte Lee Leader 63rd x). He's now among the big Polled Shorthorn stock bulls in service at KC.

First-prize senior get of the 1967 International Livestock Exposition were these by Glamis Benefactor from KC.

Left — First-prize senior get-of-sire at the 1968 National Western was this KC entry by Glamis Benefactor.

Right — The winning junior get-of-sire at the 1968 International was sired by Kelburn Great Event and exhibited by KC.

KC's Stock Bulls Proved

Proof of the power of the KC stock bulls is their record in the all-important get-of-sire classes in the leading shows of North America.

At the International, KC won the junior get-of-sire class in 1966, 1967 and 1968. The same years they won at the American Royal and in 1968 at Denver.

by Winning Gets-of-Sire

Further, the 1967 International senior get-of-sire was from KC as was the winning get at Denver in 1968. Other winning gets have been exhibited at the Kansas State Fair, Missouri State Fair and at Fort Worth.

This year at the American Royal you'll be able to see the first get-of-sire exhibited from KC by "George the Giant x", and they are likely to continue KC's winning record. After all, it's almost a tradition at KC.

Left—First-prize junior get-of-sire at the 1968 National Western were these from KC by Glamis Benefactor.

Right — At the 1967 International this junior get-of-sire from KC won. They were by Glamis Benefactor.

"GEORGE THE GENETIC GIANT x" (Kinnaber Leader 3rd x) — This progeny tested, 100% de-horner is considered by most leading cattlemen who have seen him as the greatest Polled Shorthorn bull of modern times. He is definitely one of the tallest, longest, trimmest sons of T P S Coronet Leader 21st x. Bob Gordon of Kinnaber says, "The George yearlings are consistently the largest calves I have on the farm."

This bull was carefully selected from a great number of Leader 21st sons. We found that this bull was siring calves heavier than any other British breed on test at the big Stanford Testing Station. He was considered too extreme by many who saw him for the first time at KC. However, he opened a new avenue for the breed as many leading horned and polled breeders followed suit by buying breeding similar to "George the Genetic Giant x". Not shown in the next generation of the pedigree above are two crosses of the extra-big Kinsman.

He sired the top-selling polled female in 1969 when Dr. Haight, Tucker, Ga., purchased two daughters in the 1969 KC Sale for

\$3,500 and \$2,500. The first son of "George the Genetic Giant x" to be shown in the U.S. was grand champion at Ohio State Fair for Acadia Farms, Northfield, Ohio. This bull was selected by Truman Kingsley, manager of Acadia Farms, to increase the size of their fabulous polled herd. The first daughter of "George the Genetic Giant x" owned and shown by KC Farms was grand champion at the American Royal, senior champion at the National Shorthorn Show, International and the National Western. In every show, she was the largest female of any age shown.

Calves by "George the Genetic Giant x" have averaged 582 pounds at weaning when entering Stanford Test Station in Montana. Semen from "George the Genetic Giant x" has sold for the record price of \$500 per ampule. The people who bought the semen are extremely pleased, and have reported that the calves are the best they have ever had. You will have an opportunity to purchase daughters of "George the Genetic Giant x", or cows with his calves at side on October 23.

KINNABER LEADER 22nd x — He topped the 1969 Stanford, Mont., test station sale at \$7,250 for two-thirds interest when he sold to C. E. Jernberg's Cherokee Ranch, Atlanta, Ga. KC will be showing him this year and the bull has been used heavily in the herd. His first calves sell at foot of their dams. At Stanford, he scored exceptionally well. His weaning weight was 585 pounds; he gained 440 pounds in 140 days for an adjusted daily gain of 3.5 pounds,

and adjusted yearling weight of 1,039 pounds and a high gain index of 127.1. He is by the famous T P S Coronet Leader 21st x that has sired most of the champion and top-selling Polled Shorthorns in both the United States and Canada in the last several years. His dam is a big cow by V V Royal Leader 85th x. Here is a bull of great size, muscling and trimness that is surely to play an important part in Polled Shorthorns of the future.

This is how Merry Event of KC x looked as the first Polled Shorthorn bull ever to win the grand championship of the American Royal for KC.

MERRY EVENT OF KC x — The first polled son of the great breeding bull, Kelburn Great Event, and the first polled bull ever to be grand champion at the American Royal! Merry Event of KC x, after seeing heavy service in the KC herd, has recently been sold to Carl E. Jernberg, Jr., Atlanta, Ga., to head up his top Polled Shorthorn nucleus. Last year, a full-sister sold at a high figure to the Packard Cattle Co., Elbert, Colo. This year, another full-brother sold to Robert Lamb, Syracuse, Neb. Undoubtedly, Fernwood Lavender x is one of the top dollar earning cows in the KC herd, if not in the breed. She is easily the best daughter of Clipper King of Bapton x, a massive bull. He was considered by many to be too large for the breed in his time. The daughters of Merry Event were for replacement females in the herd. But, since all the 1969 females sell, this will be a rare opportunity to purchase new, polled blood stemming from Kelburn Great Event and Clipper King of Bapton x.

"TINY TIM x" (Butte Lee Leader 63rd x) — This extra big, progeny tested bull was successfully shown last year. In Western Canada, where big, sound cattle have been accepted longer than in the U.S., "Tiny Tim x" was grand champion at Manitoba, Red River, Saskatoon and Regina. In the U.S., he was consistently the largest Shorthorn bull in every show. He was selected for his great size and natural fleshing ability . . . a quality that has to be re-established and preserved in Shorthorns. This bull has constitution, bone and ruggedness with his size. He was selected to further this type in the KC herd. His calves are just arriving here, and you will have the opportunity to purchase cows bred to "Tiny Tim x", or with calves at side, in this sale. Just recently, "Tiny Tim x" was selected by the world-famous Carnation Farms to beef up their semen sales programme throughout the country. Due to the long-range, forward thinking of Carnation Farms experts, we have relinquished actual possession of "Tiny Tim x" to them . . . but continue to own the KC interest, shared with John McKee of Neepawa, Man., and Kinnaber. The Carnation literature on "Tiny Tim x" carries progeny data, and is available from them on request.

GLAMIS BENEFACTOR

KELBURN GREAT EVENT on pasture at KC.

TWO OF THE GREATEST STOCK BULLS IN HISTORY

Two of the most prominent stock bulls of the generation must be KC's own Glamis Benefactor and Kelburn Great Event. The entire breed today is being improved by their sons and daughters in far-flung countries around the world.

Glamis Benefactor was perhaps the greatest show bull of all time, being undefeated in all the major shows in Scotland. The year 1966 marked the first time that a full show herd of Benefactor sons and daughters was exhibited. Since that time, the record has been amazing, including five International champion females. It was largely the sons and daughters of Glamis Benefactor that accounted for the record-breaking 1967 KC sale that averaged \$1,275. Today, sons and daughters of Glamis Benefactor are in most of the leading herds of the country so that his influence will continue undiminished for generations.

Following Benefactor at KC was Kelburn Great Event, whose reputation had already been established in the Remitall Cattle Co. Since he came to KC his sons and daughters won almost every major show in the country. Moreover, Great Event had the great ability to sire powerful bulls that were selected by leading herds. Just a few were the \$8,600 Remitall Super Event, in service for McIver Bros. of Minnesota; the \$8,000 Remitall Banner in service for John Shuman; the \$8,100 Remitall Gold Emblem and his full-brother Remitall Captain Jim at Melbourne Farm, Big Rock, Ill., and many, many more.

Both Glamis Benefactor and Kelburn Great Event are gone now. They were leaders in their day and marked an important chapter in the continuing progress of KC.

Bellevue Flossie x and her polled heifer calf by Captivator of Bapton x. They sell as Lot 1.

BELLEVUE FLOSSIE x — A special attraction in any sale. Herself, an outstanding female with excellent size and legs under her, she could be considered an ideal type for the modern Polled Shorthorn female. **Her polled heifer calf, born April 2nd, by Captivator of Bapton x is tremendous.** Rebred to "George The Giant x". This combination should make this female a most valuable addition to any Polled Shorthorn operation.

Queen Margaret of KC sells as Lot 3 with her heifer calf by Kinnaber Leader 22nd x.

QUEEN MARGARET OF KC — Typical daughter of the great breeding bull, Bapton Constructor, whose sons and daughters have left their mark on the Shorthorn breed throughout the world. This female has been an outstanding producer for KC. A daughter was reserve grand champion at the International in 1967. Another daughter was first prize junior heifer calf at the 1968 International and sold to Dr. A. R. Haight, Tucker, Ga., for \$1,750. Her half sister was the 1968 International grand champion female. This is a rare opportunity to purchase one of the great brood females that has been responsible for putting KC in a prominent position in the Shorthorn breed. **Her outstanding polled heifer calf at side, born April 5th, by Kinnaber Leader 22nd x** is continued proof of how this cow can produce. Rebred to George the Giant x.

Aberfeldy Augusta Queen sells with a heifer calf at foot by "George the Giant x" as Lot 4.

ABERFELDY AUGUSTA QUEEN — A large daughter of Aberfeldy Captivator, sire of Aberfeldy Heir, 1967 International supreme champion. Aberfeldy Augusta Queen was purchased as a calf after being champion sale female at the International. She has been an excellent producer in the KC herd and has a **March 3rd polled bull calf at side by "George The Giant"**. This calf is an adequate indication of how well this cow produces. Pasture bred to "George The Giant x" since June.

Roths Queen Flora of KC, Lot 5, and her polled bull calf by Kinnaber Leader 22nd x. The cow was champion at Denver in 1967.

ROTHES QUEEN FLORA OF KC — A great daughter of the Perth supreme champion, Glamis Benefactor. This female was a member of our undefeated junior get-of-sire and went on to be grand champion female under Herman Purdy at the National Western in 1967 where she won the award as a junior heifer calf. Few females winning such an award have produced as well. Her third calf sells at side, a beautiful **red polled bull born August 19 by the \$7,250 Kinnaber Leader 22nd x** that indexed 127 at the Stanford Test Station — the highest performing Shorthorn bull ever to be tested in that station.

LOUADA AUGUSTA KATE 3rd — There will be few opportunities to purchase daughters of the great producing bull, Bapton Constructor. Few daughters of Bapton Constructor were out of as good a cow as this one. Louada Augusta Kate, Royal Winter Fair grand champion female, was one of the great foundation cows of the Louada herd and was purchased as a seven-year-old for \$4,000 to found that family at KC. This is her first daughter that has been in constant production since and has proved to be one of the best producing Bapton Constructor females we have ever had on the farm. The herd is now rich in Augusta blood or we would never part with this female. **Sells with a polled bull calf at side born June 26 by "George The Giant x" and sells rebred to "George".**

SELLING EIGHT BRED COWS

The KC cow herd is famous throughout the world for its powerful brood cows. They have been assembled at great expense and they've proved their value. On October 23 you'll have a chance to buy some of the females that accounted for the record-breaking KC sales in 1967 and 1969. You can buy the dams of many of the winning KC show cattle that have topped almost every major show in the nation in the last several years.

You can buy a sister to the 1968 International grand champion female and to the 1969 National Western grand champion female. You can buy the dam of the All-American KC Clipper King x.

Most important of all, these females carry the service of the big KC Polled Shorthorn stock bulls.

QUEEN MARGARET 18th OF KC — A big, strong, red daughter of Kelburn Great Event from an outstanding producing daughter of Bapton Constructor. A maternal half-sister, Queen Margaret 7th of KC, was reserve grand champion at the 1967 International. Queen Margaret 14th of KC sold in our last sale to Dr. A. R. Haight of Tucker, Ga., for \$1,750. Another daughter sold for \$1,100 to Dorsey Elliott, Sublette, Kan. Pasture bred to Kinnaber Leader 22nd x, the highest performance testing son of TPS Coronet Leader 21st x.

ELIZA JANE OF KC, Lot 30.

ELIZA JANE OF KC —An All-American female that was first at the American Royal last year. She has the correctness and size that we are looking for in Shorthorns today. Her dam is a cow we purchased in the 1967 Royalty Dispersion and is a daughter of the great breeding bull, Beaufort Cuptie. Moy Eliza Jane is the dam of Bilmar Bold Venture, herd sire for the former Bilmar Farms. Pasture exposed to Leader 22nd x since June.

Bapton Augusta Collette is still going strong at 15 years and just recently produced a daughter of Kinnaber Leader 3rd x. Sells open.

THE ENTIRE 1969 KC HEIFER CROP SELLS

So that buyers will have the opportunity to purchase some great young females, the entire 1969 KC heifer calf crop sells. Some of these will be in calf by sale day and all sell with breeding privilege to any of the KC herd bulls.

Included is a daughter of the 1965 National Western grand champion female. There's a sister to the \$1,400 KC Voucher. There's a sister to the \$2,000 All-American KC Kinsman. There's a sister to the 1968 International grand champion female. Also included are the first two daughters of "George the Giant x" born at KC.

Here's a chance to buy royally bred females in units that will add power to any herd foundation in the world.

GEORGE'S LAVENDER OF KC x — Only because we offer the entire 1969 calf crop would it be possible for anyone to purchase this outstanding polled female. She is one of the first daughters of "George the Giant x" born at KC Farms and definitely one of the best. Two daughters of "George" sold in our last sale to Dr. Alfred R. Haight, Tucker, Ga., for \$3,200 and \$2,500 which gives some indication of the value that people place on daughters of this great producing bull. Another daughter of "George the Giant x", Green Bluff Lady 4th x, was senior champion at the International and National Western and grand champion at the American Royal. Sells open.

GEORGE'S LAVENDER OF KC x, Lot 38.

Here are just a few of the great young heifers of KC.

SECRET RUBY 2nd OF KC x — One of the outstanding daughters of "George The Giant x" that is probably the greatest polled bull of modern times. The dam is out of the same cow that produced Secret Pearl of KC, 1967 International grand champion female and the 1968 National Western grand champion female. Sells open.
